Dear Sir or Madam:

Based on the veterinary sanitary inspection conducted on 09 June 2003, I have approved your establishment for listing in our Directory of Sanitarily Approved Food Establishments for U.S. Armed Forces Procurement. We will list your establishment in our Directory for:

Water
(Jana Natural Spring Water)

U.S. Army Veterinary Service personnel will make unannounced periodic inspections to assess your continued compliance with our sanitary standards. You must maintain and operate your food facilities in an acceptable manner if you wish to remain listed in our Directory.

Should you relocate your establishment, remodel extensively, or you wish to furnish new products, please contact our field inspection activity responsible for your plant and arrange for an update inspection.

If you have any questions, please contact me or my associate, Mr. Mandin at our headquarters in Heidelberg, Germany at + 49 6221-172-062/063. You can also reach us via fax at +49 6221-173-068.

Sincerely,

EDGAR R. SMITH
Chief Warrant Officer Four, USA
Command Veterinary Food Service Technician
